

Building UP My Personal Levee

Date: _____

Get your Bible and a pen, and find a place where you can be alone for a few minutes. You will need a notebook to keep these pages in. Don't worry about grammar, spelling, nor complete sentences.

Quiet yourself down and pray this prayer: "Lord, I so want to seek first Your Kingdom and Your Righteousness. I repent for not doing so before. Help me, Lord, today to be who You want me to be and be closer to You. In Jesus' Name, amen."

Pick one of this week's verses. Look it up in your Bible, and write it out here.

As you look to Jesus, ask Him to show you what you need, personally, from this verse and how you can apply it today. As you stay there and be still, you will begin to either see pictures in your mind or you will have thoughts come into your mind.

Write down those thoughts or pictures (okay to draw) here. Use the back side if you need to do so. Spend at least 5-10 minutes, and it's okay to spend more time, to allow God to talk to you. When you are finished writing, share with your spouse and ask the question - "Do you feel this is from God?" Also, ask some one else who is walking with God, daily. *You must have the accountability. God will never contradict His Written Word, the Bible.*
